

## ***Scenario-Based Executive Level Training (S-BELT)***

### **Hosted by:**

**Class:** S-BELT (Scenario-Based Executive Level Training)

**Date:**

**Time:** 8:00 AM to 5:00 PM

**Where:**

**What is this training about?** This course is created to expand and sustain homeland security leadership across the country. Presented by the Western Community Policing Institute, this course is designed to be challenge and scenario-based, requiring active participation, interaction, and problem-solving. Participants, as leaders in their communities, will learn how to apply practical leadership styles as they navigate their way through different leadership challenges. Using real-life historical leadership challenges faced by great leaders such as Sir Winston Churchill, Colonial Joshua Chamberlain and community advocate Maggie Walker, this course creates a unique learning experience not typically found in the classroom. This course will also teach leaders how to improve the quality of their decision making ability by using the framework of the leadership test which allows leaders to; do the right thing, at the right time, in the right way, and for the right reasons.

Course topics include: Carrying Out the Homeland Security Mission: Defining and Understanding Leadership and Management Roles; Successfully Integrating and Synchronizing the Homeland Security Mission through Leadership: Situational Leadership; Homeland Security Executive leadership Skills: Primal Leadership and Emotional Intelligence (EI); Comprehensive Application of Homeland Security Strategies: Transformational Leadership; and, using case studies to assess leadership characteristics.

**Who should attend?** The target audiences for this program are executive leaders representing a broad spectrum of public and private organizations that have official responsibility in implementing a capabilities-based approach to preparedness during a time of a community crisis. This would include representatives from any of the following disciplines and any other executives who have direct involvement in emergency management operations:

- Law enforcement
- Fire service
- Public works & public utilities
- Public safety
- Education
- Emergency medical services
- Communications
- Government administration
- Health care & Private sector executives
- Emergency Managers

**Cost:** This **no-cost** training is provided by The Western Community Policing Institute and is supported by the U.S. Department of Homeland Security.
